A MINI THEATER FOR YOUR IPOD VIDEO? HOW'S THAT SOUND?

Leave it to the makers of the first iPod speaker system to come up with a mini-theater solution for the home that's this good! The iMV712 features crystal-clear sound delivered by two specially engineered, 3-inch neodymium speakers and a built-in, 4-inch, side-firing subwoofer plus a large, 8.5-inch high resolution widescreen display. It's really convenient for charging your iPod video. It features an enhanced wireless remote for iPod navigation. And it's compatible with any dockable iPod or most other portable media players with the included adaptor. Experience your iPod video in a whole new light with the iMV712.

inMotion

iMV712

Powerful Digital Audio

from a compact system.

Clean, Crisp Sound

Two specially engineered 3" full-range speakers smoothly deliver a full spectrum of pure, distinct sound.

Built-in Subwoofer

Feel the exceptional low frequencies from the built-in 4" side-firing subwoofer.

High Resolution Widescreen Display

Enjoy your videos on a large 8.5" widescreen LCD display.

Full-featured Wireless Remote

Controls mini theater and select iPod functions.

Elegant Design

Looks great anywhere.

Built-in dock for iPod

Securely docks iPod video, iPod nano, and iPod mini models.

Alarm clock

The iMV712 is fully compatible with iPod models that have the alarm clock and sleep timer features.

ESS Expanded Sound Stage technology

inMotion's proprietary signal processing widens the stereophonic image to dramatically expand the audio soundstage.

Input jack

for second device connection, including CD, DVD, and portable music and video players.

Universal Portable Music and Video Player Cradle

Allows you to place other portable media players front and center (cable included.)
